Re: Traffic Counting – County Route 9 between US 20 & 295

Dear Mr. Commander,

On February 22, 2010, between the hours of 6:00am – 6:00pm, I observed in a twelve (12) hour period a total of 271 cars traveling in the south and north direction on County Route 9. I observed this from a private driveway, owned by Gary Waters, in which you advised me to survey from.

I am available for testimony for my observation.

Thank you.

Very truly yours,

Michael A. Gurda, IV

- Enclosed please find my invoice in the amount of \$400.00 for work performed.
