

PLEASE BE AWARE:

This is just one scam:

There are two men approaching homeowners with stone claiming they can give it to them at a reduced price because it is “left over” from a job. When the homeowner declines, they dump the product anyway and **INSIST** that they are owed payment. Additionally, one of the men will try to gain entry to the home by claiming to need to use the bathroom or some other excuse. They are ***very aggressive and intimidating***. I am currently aware of at least two cases in Stephentown.

PLEASE share this information with friends and family - REMIND your family and friends **NOT** to allow strangers into their homes and that they should call **911** immediately if someone comes onto their property and will not leave when asked to. Someone cannot come onto your property to do work you have not authorized and then demand payment.

Please help us keep one another safe! Thank you!
